**NATIONAL COORDINATOR FOR
IMPLEMENTATION OF THE EUROPEAN
AGENDA FOR ADULT LEARNING
UNITED KINGDOM**

HONOURABLE NATIONAL COORDINATOR,

In the framework of the „National Coordinators implementing the European Agenda for Adult Learning“ Project the Bulgarian Ministry of Education and Science organizes for the first time in Bulgaria National Days for Lifelong Learning, which will be held from 1 to 3 of October 2015 in the city of Burgas, Bulgaria.

In the agenda attached you can find the different events which are included. A conference which will present the results from the participation of Bulgaria in the European Agenda for Adult Learning will also be held. We will be grateful if you would support this new initiative in our country with your participation and share your experience.

The hotel accommodation for two days (1 and 2 October) for one participant (you or a substitute, determined by you) will be paid by us. In case you are able to ensure the presence of more participants from your team it will be a pleasure for us to meet them.

There is an international airport in the city of Burgas. We will not cover your travel expenses. We will provide free transportation for all our guests from the airport to the hotel and back.

During the conference and the cultural programme a translation in English will be provided.

Please confirm your participation until the 4 of September 2015 and send a filled in registration form to the following e-mail: v.deikova@mon.bg.
